## Terms of Reference for a Communication Intern

- **Duration:** 6 months

### Background

The **Regional Partnership for Coastal and Marine Conservation in West Africa (PRCM)** is a coalition of stakeholders working on West African coastal issues, covering seven countries: Cape Verde, The Gambia, Guinea-Conakry, Guinea-Bissau, Mauritania, Senegal, and Sierra Leone.

The PRCM organizes the Regional Coastal and Marine Forum (<https://forum.prcmarine.org/>) every two years. It brings together national and intergovernmental institutions, scientific institutions, national and international NGOs, socio-professional organizations, the private sector (fisheries, tourism, hydrocarbons, etc.), and technical and financial partners concerned with coastal and marine zone management at the sub-regional level.

The Forum is an exceptional meeting and sharing opportunity among high-level stakeholders working in conservation and presents a unique opportunity for organizations to share experiences from their projects and identify future perspectives. The 12th edition will be held in Nouakchott from **April 27 to 30, 2026**, under the theme: **“Ocean health: the lever for a sustainable and inclusive blue economy”**.
